Dear Friends and Colleagues,

It has been an honor to serve the City of Los Angeles for the past 11 years, most recently as Deputy Executive Director of the Environmental Programs Group for the Los Angeles World Airports and previously as Chief Planning Deputy for LA City Council District 5.

As many of you know, I am excited to announce the launch of my new endeavor - Trifiletti Consulting, Inc. - which will provide consulting services in the areas of land use planning, environmental clearance, entitlements, sustainability and environmental policy, government affairs, agency coordination, public outreach, communications, project management, public infrastructure, and procurement strategies.

I look forward to continuing to work with many of you in this new capacity. Thank you for all of your continued support and friendship.

Moving forward, I can be reached using my new email and contact information below:
